**Yumi Evriwan Tugeta – Vanuatu Recovery Strategy 2020-2023**

- Recovery Objective 1**  
Restore and strengthen essential social services and protections
- Recovery Objective 2**  
Enhance lives and livelihoods
- Recovery Objective 3**  
Repair the natural and built environment

**Partnership Intermediate Outcomes**

- IO-1**  
National and provincial governments increasingly have the knowledge, tools, and networks to coordinate and manage effective and inclusive skills system
- IO-2**  
A "better balance" of developmental leaders are supported to guide and collaborate on skills system reform
- IO-3**  
Increased public and private resources are allocated to the national skills system
- IO-4**  
Increased diversity, quality and flexibility of skills training providers within the national skills system
- IO-5**  
Increased participation and representation of women, people with disabilities and people in remote locations within the skills system
- IO-6**  
Improved entrepreneurship and employment through demand-driven and sustainability focused skills training
- IO-7**  
Improved market access opportunities for sustainable business growth in target productive sectors at the provincial level
